How to Play (1 of 2)

Every game here works as printed. Read the rules aloud before you start.

Picture Bingo

2-30 players • 15-20 min

Give each player a different card and some markers. The caller mixes the calling cards (pages 36-37) in a hat, pulls one, says the name and shows the picture, then ticks it on the Caller Checklist (page 38). Players cover that picture if it's on their card. The first to get 4 in a row (across, down or corner to corner) shouts BINGO! Check the card against the checklist. Next rounds: four corners, a big X, or cover the whole card (blackout).

Indoor Scavenger Hunt

1-30 players • 10-20 min

Non-readers use the picture list (page 39); readers use the word list (page 40). Kids search the house or classroom and check off each thing they find (they can show it, point to it or draw it). Play solo, in pairs, or against a timer. Rule for classrooms: look with your eyes, not your hands, unless the teacher says OK.

Christmas Charades

3-30 players • 10-15 min

Cut out the cards (pages 41-42) and put them in a hat. A player picks a card and acts it out with no words and no sounds. Teams have 1 minute to guess. Correct guess = 1 point for that team. Little ones: a grown-up whispers the card to them.

Christmas Trivia

2-30 players • 10-15 min

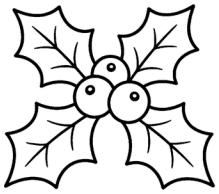

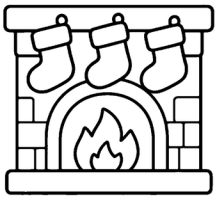

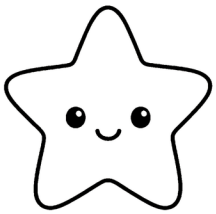

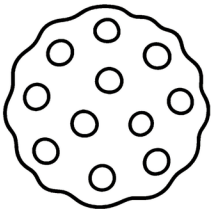

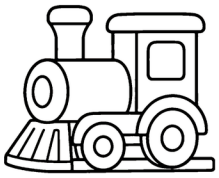

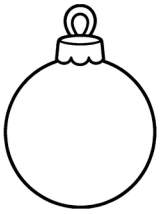

Split into teams. A grown-up reads a question card (pages 43-44); the answer is printed on the card. Easy round first (red cards), then the Tricky round (green cards) for 2 points each. Let teams whisper together before answering.
